With more than 200 leaders and innovators from government, business, nonprofit, media, and academia, GovMaker 2024 is the premier event for advancing evidence-based policymaking, enhancing government transparency, driving digital transformation, and promoting diversity and inter-sectoral collaboration. Dive deep into the heart of open dialogue with high-profile speakers and experts, engage in dynamic discussions, and build lasting cross-sector relationships. Unlock the potential of open government and shape the future of civic engagement at GovMaker 2024.

The themes this year are:

- ***Open data (transparency, evidence-based policy)***
- ***Digital government***
